Commercial Row, Reno Nevada

"There is so much trouble coming into the world," said old Bollingbroke, "and so much more in going out of it, that it is hardly worth while to be here at all." If a man and a philosopher comes to this conclusion, what must be the natural conclusion of the thousands of suffering women who undergo untold torture in bringing their babes into the world?

Philosophy of this kind is based upon gross ignorance. The fact is, that there is no necessity for the severe pains undergone by the average woman. If a woman goes and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the majority of women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can always be remedied. Dr. Pierce's Favorite Prescription is a sure, speedy and permanent cure for all disorders of this description. It acts directly on the delicate and important organs concerned, making them healthy, strong, vigorous, virile and clear. It banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits. Honest druggists do not offer substitutes and urge them upon you as "just as good."

"I suffered fourteen years," writes Mrs. Mary J. Stewart, of Box 40, Saratoga, Santa Clara Co., Cal., with female weakness, nervousness and general debility. "I tried everything to no avail. Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' cured me."

The names, addresses and photographs of hundreds of women cured by Dr. Pierce's medicines are printed by permission in the "People's Common Sense Medical Adviser." It's free. For a paper-covered copy send 21 one-cent stamps to cover mailing only. French cloth binding 37 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y. Every woman needs a great medical book. Dr. Pierce's Common Sense Medical Adviser fills this want. It contains over 1000 pages and nearly 800 illustrations.

**TO WHOM IT MAY CONCERN**  
STATE LAND OFFICE, CARSON CITY, NEVADA, July 29, 1898.  
NOTICE IS HEREBY GIVEN THAT THE State of Nevada, under the Act of Congress approved June 16, 1896, (29 Stat. 287), has filed in the United States Land Office at Carson City, Nevada, List No. 215 of lands selected under said Act, and has applied for a patent for said lands; that a part of said list is open to the public for inspection, and a copy thereof, by descriptive sub divisions, has been posted in a convenient place in said United States Land Office for the inspection of all persons interested and the public generally.

Within the next sixty days following the date of this notice protests or contests against the claim of said State of Nevada to any tract or sub-division described in the list, on the ground that the same is more valuable for mineral than agricultural purposes, will be received and acted by the Register and Receiver of the United States Land Office at Carson City, Nevada, for report to the General Land Office at Washington, D. C.

The following are the sub-divisions described, to-wit: NE 1/4 of Sec. 3, T. 23 N. R. 14 E., M. D. N. & M., 40 acres. A. C. PRATT, State Land Register of the State of Nevada. Date of first insertion August 1, 1898.

THE CONTROL OF THE ENTERPRISE

In a speech delivered at Virginia City Wednesday evening Hon. Francis G. Newlands closed a warm tribute to Senator Stewart with the declaration that in his judgment the friends of Mr. Stewart were reprehensible in holding Mr. H. M. Yerington responsible for the malignant attacks against him which are appearing in the Enterprise. He declared that the Enterprise was a Republican paper, leased as such to parties who had absolute control of its columns. That Mr. Yerington was a man of courage and candor, a warm friend and a strong enemy, but he did not fight in the bush.

Had these sentiments been expressed six weeks ago, no man in Nevada would have acquiesced to their truth more fervently than Senator William M. Stewart. Today he has the right to think differently.

Six years ago the Enterprise—edited at that time principally by Mr. Alf Chertiz—assailed Senator Stewart, and, with one exception, every member of the Silver party, as viciously as it does today. Mr. Yerington then, as now, professed to have no control over the paper, under the plea that it was "leased."

Four years ago, and two years ago, the paper was "leased," Mr. Yerington having no control over it, and, with one exception the Silver party was traduced in its columns. Within eight years the Enterprise has been "leased" to several different parties. It seems, generally speaking, strange that in the execution of these various leases it has never occurred to Mr. Yerington to put in any provision reserving any control over the columns of the paper. But it seems passing strange, however, that he has done so when the fact is known that within a few years, as developed in the testimony taken in the trial of the Washoe County Tax cases, the Virginia & Truckee Railroad company has expended the sum of \$11,000 "in keeping up that part of the property which they own," namely, the Virginia Enterprise. A large part of this sum was expended during the campaigns of 1892 and 1891.

It seems so passing strange, indeed, that Mr. Yerington should be paying money so generously out of the pockets of the corporation which he so ably manages in other respects, to maintain a newspaper over which he has no control, that it surpasses credulity.

SENATOR STEWART.

The correspondence of Mr. H. M. Yerington with Senator Stewart, published in another column, shows one thing over and above all else. That Senator Stewart has observed the interests of the people of this State in a thousand little things of which the general public knows nothing. If everyone of the countless people of Nevada who have written Senator Stewart with regard to little matters not of general interest, perhaps affecting only themselves, were to give their evidence concerning his painstaking efforts in their behalf it would present a magnificent commentary upon his labors. No man, woman or child who ever wrote a courteous letter to Senator Stewart but what received a reply. And no citizen of Nevada ever made a request of him which was within his power to meet, but what found him cheerfully at their command.

While he has led the great silver cause in the Senate, on the stump and in the press he has still found time to respond to whatever his people would have him do for them. And when the slanderers who from motives best known to themselves now assail him, are forgotten, his name will be revered as a true Statesman and a man who never knew how to stoop to demagoguery to win a selfish or defeat an enemy.

ANOTHER FUNNY MAN.

Oh, Mr. Barney Reymers! What a funny man you are! Oh, Mr. B. H. Reymers! What a funny man you are!

You tried to get the nomination for Assemblyman in Lyon county before the Silver party. You did not get votes enough. And now you are running independent. And now you are anti-Stewart. And now you tell the Enterprise and News that sometime ago Senator Stewart tried to "approach" you. Oh, Mr. Barney Reymers! What a funny man you are! Here is the way Senator Stewart "approached" you.

What a funny man you are!  
"YERINGTON, Nov. 5 p. 13, 1898.  
Hon. Wm. M. Stewart, Carson City, Nev.—MY DEAR SENATOR: Last Saturday I stayed over in Dayton and Silver City and made the fight there. Everything went favorable there, but while I was away I got some dirt at home. Nevertheless if I can get some help from you I think I can get away with it when the convention meets.  
Now do what you can for me, for you know it stands you in hand for me to get there. Let me know what you can do for me, and if you think it best for me to come out and see you a day or two before the convention, I will do so. The convention meets on the 26th inst. Please let me hear from you at once.  
[Signed.] B. H. Reymers."

"SUPPORT STEWART."

"(Mr. McLeod's Mortgage on your Home Foreclosed.)"

Many of the public read a laud article under the above heading which appeared a short time since in the News, Enterprise, and People's Advocate. In the last issue of the Yerrington Rustler we discover the following in reference to it:

Editor the Rustler:—

The Carson News of the 25th ult. contained an article under the caption of "Support Stewart or have the Mortgage on your Home Foreclosed," in which it is stated that "Stewart went on to Smith Valley and got D. C. Simpson to come down to Mason Valley to interview McLeod, against whom he held a mortgage for a very large sum of money. But it appears that McLeod stood up and told Simpson that he could foreclose, but he would not vote for Stewart, nor would he withdraw." It is true that D. C. Simpson did come down from Smith Valley and did interview me, and in a kindly way asked me to withdraw from the ticket. Nothing whatever relative to our private business affairs was mentioned. I did not tell Mr. Simpson that if elected I would not vote for Stewart, but did tell him that I would not withdraw from the ticket. Furthermore, Mr. Simpson and myself have always been, and are now on the most friendly terms.

Ladies, look here, and gentlemen, too, for that matter. Now you think this is an advertisement, well, what if it is, you will read it just the same.

Now what I want you to bear in mind is this: Are you aware that this is November, and that Christmas is only a little over a month off? Goodness, gracious! If you want anything in our line, don't put it off till the last minute. Come now, lots of them say that you can get just as good work at the Riverside studio as you can in the city and it's so, to.

# YERINGTON.

## HIS TESTIMONY TO STEWART'S FAITHFUL RECORD.

### With What Grace Can His Organ Now Traduce Him.

["Stewart has no influence in Washington. He neglects his duties to his constituents and so far as being any real benefit to the people of this State we might as well be represented by a Pinto Indian."—V. & T. R. R. Organ.]

CARSON CITY, Nev., Dec. 12, 1892.  
Hon. Wm. M. Stewart, Washington, D. C.—DEAR SENATOR: On March 22nd last I wrote you very fully concerning our trouble with the Commissioner of Indian Affairs (General Morgan) Office, relative to the free transportation of grain and hay intended for sale in the open market by Indians from Walker River Reservation, giving our reasons why we refused to allow the same. Am unable just now to locate your reply, but I distinctly remember that it brought us the satisfactory information that the result of your conference with General Morgan on the subject was, that he would drop the same, taking no further action on the subject.

\* \* \* Captain C. C. Warner, Indian Agent, now informs me that the Commissioner has written him, under date of Nov. 2nd last, directing him to report if the R. R. Co. has refunded the charges amounting to \$38.35 reported previously as collected from the Indians, and whether or not it is now or has been, since previous report, charging the Indians freight rates. The Commissioner intimates that if such is the case that suit will be commenced to compel the company to keep its agreement with the Indians, as he understands it.

We claim on the other hand, that the transportation of hay and grain shipped by Indians from the Reservation to a market is a discrimination against and an injury to the whites (farmers) engaged in shipping like products from points in the same valley beyond the northern boundary of the Indian Reservation.

We understood also that at your interview with General Morgan he conceded the equity of this position, and we believe that the Courts would hold that "free transportation for themselves, their fish, game, products, to and from all points on the road operated by said company" as the agreement states it, would not embrace articles of merchandise shipped to market for sale which they did not produce before or at the time said agreement was made.

I will be greatly obliged if you will again take up this matter with General Morgan and induce him if possible to withhold further action. Kindly write to me the result of your interview and let me have your advice as to the best policy we should take in the premises.

Of course we would much prefer to avoid being sued by the Government. Yours very truly,  
H. M. YERINGTON.

P. S.—Permit me to congratulate you on your recent splendid victory, and earnestly hope this will find you quite well and happy.

CARSON CITY, Nev., Jan. 1, 1893.  
My DEAR SENATOR: I just returned from S. F. and find your welcome favor of the 15th ult. duly received and has had close attention. I am very glad that you have got the Walker Lake Reservation matter in such good shape for us, for which I thank you most heartily, and hope you will succeed in fixing the Pyramid Lake Reservation in the manner that we suggest.

I have another small matter that I wish to bring to your attention, although I must confess that I hate to bother you and fear that you will feel that this institution is getting to be a perfect nuisance. However, I will try it once more and take the chances of exhausting your patience. The trouble is this. You are probably aware that since the opening of the C. & C. Railroad we have been running our trains tri-weekly between Belleville and Keeler. We would have much preferred to run daily trains, but the business was so small we could not do it without subjecting ourselves to a loss of over \$1,200 per month. \* \* \* Now if we should run a daily train the difficulty would be solved, but to do that we must have a little increase of business from some source. Through the earnest call of the people in Owens Valley asking for a daily mail, the Postoffice Department finally last season put one on between Keeler and Mojave twice a week each way. This is a sort of opposition and hurts our passenger traffic besides the loss of that much mail. Now if the Department

would cancel that contract the stage could not afford to run, giving us the mail on running daily of course, which would give the Owens Valley people all they can ask for and probably enable us to run a daily in good shape. This is the situation. If you will kindly see the Postoffice folks, lay the matter before them, \* \* \* I note what you say about silver, but \* \* \* am sorry to differ with you on the proposition.

Our recent convention at Virginia I fear was very bad business. The feeling now is that a grave mistake was made in the resolutions condemning the Republican administration as it did—they might have condemned the Republican members of Congress that opposed free coinage and let it go at that.

People now say that the convention in this matter did not voice the Republican party of Nevada, so you see there is likely to be trouble, although it is true the Democrats are as deep in the mud as the Republicans in the mire, for although our next nominee, Harrison, is anti-free coinage, their man, Cleveland, is all over a still bigger anti-silver man. So it looks as if both parties were badly in the same boat. However we can but hope that all things will come out O. K. in the near future, I remain,  
Yours very truly,  
H. M. YERINGTON.

CARSON CITY, Nev., Dec. 31, 1893.  
Hon. Wm. M. Stewart, Washington, D. C.—DEAR SENATOR: I remember your saying to me on the 8th of November past—"What can be done to help the State of Nevada?"

In answer to that please carefully read the enclosed. Help us all you can, for if you do I know it will be a boon Nevada can never repay. Senator Jones is here going East in 8 days—he assures me that he and you will give every possible aid. I earnestly hope so. Wishing you a happy New Year Sincerely yours,  
H. M. YERINGTON.

CARSON CITY, Nev., Dec. 26, 1893.  
Hon. Wm. M. Stewart, U. S. Senate, Washington, D. C.—DEAR SENATOR: In view of the interest now taken in the tariff question, I feel that you will pardon me for calling your attention to some of our Nevada and California productions, which require a little more protection, viz.: borax and soda; the further details of which please find in the accompanying memorandum, wherein I have attempted to give a few unquestionable facts for your consideration.

Some ten years ago a number of our residents secured by purchase from the Government the extensive alkali deposit known as Owens lake in Inyo county, California, with the intention of extracting from its waters soda ash, bi-carbonate of soda, caustic soda and other bi-products, with which those waters are so strongly impregnated, without doubt the largest alkali deposit in America. About \$250,000 have been invested in land and works at the lake; this year's productions being over 3,000 tons of excellent carbonate of soda.

So far a dividend has never been declared, although I believe the consumption of carbonate of soda and its compounds in the United States is about 250,000 tons per annum, the greater portion coming from England and other foreign countries; the output at Owens lake could be heavily increased by investment of more capital, but foreign competition is so great, under the present low tariff, that a further investment is not advisable unless we have a higher duty to protect the industry against the raids of foreigners.

Now borax interests are especially important, the production large, (viz.: over 35,000 tons since 1883, which at present market price of 4 1/2c per pound would be over \$3,000,000) with a heavy amount of capital invested, giving employment to a vast number of white people, and also to Indians coming off the Indian Reservation, who are well paid, thus materially assisting the Government in taking care of them.

Unfortunately Nevada is not blessed with many valuable products, and knowing your desire to further the leading interests of the State, and country at large I take the liberty of urging you in connection with the other representatives in Congress to use every effort to increase the present duties on the products above referred to, as noted in the accompanying memorandum.

With the hope that they will give every possible aid in this matter I have taken the liberty of writing Senator Jones, Senator White, Congressman Newlands, and other leading members of Congress now at Washington. I have the honor to remain,  
Your obedient servant,  
H. M. YERINGTON.

CARSON CITY, Nev., Jan. 18, 1897.  
Hon. Wm. M. Stewart, Washington, D. C.—DEAR SENATOR:—Your kind and esteemed favor of the 12th inst., just rec'd., and I confess, it gratified me very much to know that my efforts in behalf of the Am. Flat scheme met your approval with the further assurance that our side of the tariff question will receive your earnest and hearty support when the time comes, which I know must, and for which the people of the State are bound to appreciate or be most ungrateful.

\* \* \* \* \*  
Sincerely yours,  
H. M. YERINGTON.

TELEGRAM.  
CARSON, May 10, 1897.  
Hon. Wm. M. Stewart, Senate:—You have the thanks of the entire community. Your efforts in its behalf highly appreciated.

H. M. YERINGTON.  
CARSON CITY, Nev., May 11, 1897.  
Hon. Wm. M. Stewart, Washington, D. C.—DEAR SENATOR:—You doubtless received my wire of yesterday, therefore

this letter is rather uncalled for, but in view of the enclosed wretched squib I felt that it needed some explanation at my hands.

On receipt of your telegram I sent it down to the News office with the request that it be published with appropriate remarks, thanking you, etc. The result was the enclosed, which has annoyed me very much.

The fact is to you solely belongs the credit for the recovery of the money and its so well understood that this notice cuts no figure, although very annoying. \* \* \* We are highly pleased over your Senate Committee tariff report and earnestly hope it will become law. Very sincerely yours,  
H. M. YERINGTON.

P. S.—On perusal I see the latter portion of the article refers to the 200 acres rejected by the Indian Department and restored to the county by you.

THE CANDIDATE'S BALL.  
The Wheelmen Again Maintain Their Reputation as Royal Entertainers.

The candidates' ball at the Pavilion last night under the auspices of the Reno Wheelmen was a grand social affair. The decorations, as had been promised were novel and elaborate, the varied colored banners containing the names of candidates presenting a rich and beautiful effect.

One hundred and twenty couples were in the grand march and the spectators seats were filled and standing room was at a premium. The Wheelmen's band furnished the music and this fact is proof positive of its excellence. The floor under a committee of the Wheelmen was managed to the eminent satisfaction of the dancers and every effort was made to please those who had simply attended to look on. The supper, given by the ladies of Trinity Church Guild, was sumptuous and the large crowd waited upon in a wonderfully happy manner with out confusion or delay. The tables were set to accommodate a dozen or eighteen people and each table was presided over by a couple of the Guild ladies so that one immediately felt at home. As a whole, the Wheelmen add more laurels to their club as entertainers and feel that their candidates' ball for the election of '98 was a grand success.

"UNDER THE DOME."  
Lincoln J. Carter's Masterpiece to Be Presented at the Opera House Next Friday Evening.

The wreck of the Trenton, which is the big feature of Lincoln J. Carter's big scenic melodrama, "Under the Dome," is an incident calculated to set the average American wild with delight. It will be remembered that in the final moments of its struggle with the waves in the harbor at Apia, during that ever to be remembered hurricane of March 15, 1899, the Trenton's band assembled on deck and played the "Star Spangled Banner." Never since the world began has the courage or patriotism of these Yankee sailors been excelled. The wreck of the Trenton, in "Under the Dome," is the last of a series of three hurricane scenes. The first shows the storm as seen from the U. S. Consul's house, and the second is a view of the shore at night. In addition to the great hurricane scenes the action of the play demands several other big sets, scarcely less worthy of mention. These are the Capitol at Washington during a night illumination, several familiar Washington scenes, a view of the coral reef harbor at Apia before the big storm, and the big ferryboat scene. In this latter a ferryboat trip from Jersey City to New York is faithfully copied. As the boat lies in Jersey dock the thousands of twinkling lights on the New York side are seen; as the boat pushes out into the stream these become larger and brighter until finally the arrival in the New York dock shuts out the view. The exhaust of the engines, throbbing of machinery, creaking of the boat, swish of the waves, and in fact, every minute detail of a real ferry trip are imitated in "Under the Dome."

B. F. Leete on the Franchise.  
The man that sells his vote neither picks a pocket nor robs a stage nor holds up a railroad train, but he sells the birthright of his children. The man who will buy or sell the franchise of an American citizen or interfere to oppress or control in any manner his free and independent exercise of the right to vote, or interfere to oppress or control in any manner primary meetings of citizens, or delegates in nominating conventions or legislatures in the free and independent exercise of the functions of their respective offices, is guilty of treason to the American Government and should be punished accordingly.

B. F. LEETE.  
Reno, Oct 15, 1898.  
colwl [State papers copy.]

At the Theater.  
A fair audience greeted "The Heart of Chicago" last evening at the Opera House. The scenic effects were quite elaborate and attractive. The railroad scene was very realistic and was loudly cheered. The specialties introduced during the scenes were passable, but Eastern show people seem to have an idea that most anything will do in western towns. This is where they make a grand mistake, for they find better specialty people in 15-cent dives in San Francisco than appeared here last night. A dollar admission for a performance such as was presented last evening is too much.

At the Ball.  
Eugene Howell, Secretary of State, was present at the Wheelmen's ball last night. Mr. Howell is President of the Carson Athletic Club.

age of both gold and silver; that the basis of this principle is a sense of party faith and a test of party allegiance; that it will permit of no abandonment or modification of this doctrine; that let whoever prove recalcitrant to the principle of bimetallicism it will remain steadfast thereto.

And who on May 8, 1896, at Virginia City, declared as follows: "We again reiterate our standard devotion to the cause of the free and unlimited coinage of silver, and declare that our standard is the restoration of the true bimetallic standard of value as it existed previous to 1873, namely, at the ratio of 16 to 1, is an absolute and indispensable requirement before the financial system of our government can be placed on a permanent basis of stability and confidence."

We endorse the action of Nevada's representatives with respect to tariff and financial legislation; commending their patriotic support of the administration in time of war, whilst using all efforts to prevent the issuance of bonds.

We say to the Republican party of Nevada: Do not the lamentable results of the tariff schedule of the Dingley bill which affect Nevada, and which Nevada's Silver representatives secured, namely: wool, cattle, hides, cyanide, and borax, fall upon you as the rain falls upon the just and the unjust? And if so, in what manner could Republican Representatives have done more?

We say to the Democratic party of Nevada: Has not the action of Nevada's Representatives on financial legislation been in keeping with the Democratic platform of 1896, and in this respect, could Democratic Representatives have done more?

We express our profound appreciation of the tireless efforts of Nevada's grand old man, Wm. M. Stewart, not only as the leader of the silver cause in America, but for his great devotion to the local interests of the State, as exemplified by the fact that he has been the author of many of the important measures affecting Nevada's interests which have been enacted by Congress; namely, the mining laws of the United States, the Carson Mine, the Stewart Institute, the establishment of the Agricultural Experiment Station, which enables the State University to receive \$41,000 a year Government aid, and the securing of a military instructor at the State University.

We further commend his efforts, now likely soon to be crowned with success, to secure the payment to the State and citizens of Nevada of nearly half a million dollars for money expended in the suppression of the war of the rebellion, and Indian outbreaks. We endorse his proposal to secure legislation making Lake Tahoe and vicinity a national park, the Government purchasing all the lands within the park which are owned by private individuals, as not only preserving from destruction one of Nature's grandest works, but giving the National Government control for irrigation purposes of a great lake reservoir, which will guarantee the farmers along the Truckee river more water for irrigation, and enable a vast additional area of arid land to be brought under cultivation.

We earnestly recommend the re-election of Wm. M. Stewart to the Senate of the United States, and pledge the Silver party of Nevada and the nominees of this convention to his support for that office.

To our other Senator, John P. Jones, we extend the greetings of a people who rejoice that they have such a great public servant who has honored the commonwealth which has delighted to honor him. His pre-eminent knowledge of all financial questions has been used by him for the benefit of the whole world, and his speeches in the United States Senate upon the silver question have become the text book of those statesmen who are devoted to the interests of the whole people.

We take pride in the career of Francis G. Newlands in Congress, not only in the fact that he has risen in six years to a place among the leaders of the House, and that his influence in public affairs is becoming more and more manifest, as is shown by his great part in the annexation of the Hawaiian Islands, a consummation anticipated and desired by the American people for more than fifty years. We declare that Nevada cannot afford to lose him as her Representative in the halls of Congress.

Recognizing the importance of State development upon agricultural lines, we commend the efforts of our Representative in Congress to secure for the State of Nevada legislation looking to the reclamation of arid lands, and the storage of water in reservoirs and urge our Senators and Representative in Congress to secure the passage of the irrigation bills now before Congress, introduced by our Representative Francis G. Newlands.

The United States is now the rightful control of Cuba, Porto Rico, and the Philippine Islands, and we are in favor of holding the same until the American people shall have time to consider and make such disposition of the new acquisitions as sound policy and the interests of the whole country may require.

We favor the construction of the Nicaragua canal by the Government of the United States of America as a political and commercial necessity.

At the last session of Congress a law having been passed providing for the settlement of the indebtedness of the Central Pacific railroad to the Government of the United States, the terms of which require the payment of the entire debt, principal and interest, within ten years, with interest at the rate of 3 per cent per annum, and on failure to make such settlement within one year, the mortgage lien of the United States to be at once foreclosed, and the property sold to the highest bidder, we favor foreclosure according to the terms of the act in case its conditions regarding settlement are not complied with.

Certain decisions of the United States courts having shown the Inter-State Commerce Commission of the authority and powers unconstitutionally extended to be conferred upon it when originally enacted, we favor such amendments to the Act as will make it an effective protection to the people against discriminating tariffs.

The heroism and valor of the American soldier and sailor have won additional laurels during the war with Spain. The story of the brave deeds of our naval and military heroes will forever form a glorious page in American history. On land as well as sea America's defenders have proved their unsurpassed courage. Praising those who fought our battles, we condemn the traitorous conduct of those officials, wherever responsibility may rest, to whose culpability is due the death by starvation and disease of several thousand of our men. We demand that the awful scandals involved in the conduct of the war be impartially and completely investigated, and that adequate punishment be meted wherever due.

The people of Nevada are justly proud of their University. We commend to the attention of the Legislature which has made it an institution of infinite usefulness and widening possibilities. Its influence is already felt as a potent factor for the intellectual and economic development of the State. We pledge to its generous support and hearty cooperation along every line that will tend to maintain its present high standard, or conduce to its improvement.

This convention pledges its nominee for Governor that he will improve such legislation as will carry into effect the spirit of the constitution of Article 10 of the State Constitution which provides that the Legislature shall provide a special tax which shall not exceed two mills on the dollar of all taxable property in the State in addition to the tax provided for the support and maintenance of the State University and common schools.

This convention recommends all county conventions of the Silver party to pledge their nominees for the State Legislature to the support of the State Constitution by passing a bill levying a tax of one mill on the dollar of all taxable property in this State in addition to the other means now provided by law for the support and maintenance of the State University and common schools of this State.

We invite comparison of the four years during which the Silver Party has been in control of the State Government with the last four years of the Republican regime. The expense of the last Republican Legislature amounted to \$21,000, that of the last Silver Party Legislature, \$28,500. The expense of the Executive Department for the last year immediately preceding Silver Party control amounted to over \$25,000, while but \$23,000 were the expenses of the Executive Department for 1897. For the last four years of Republican management \$80,000 were expended in public buildings as against \$57,000 by the Silver Party. And during the periods compared, in support of the public schools of the State, the Silver Party expended \$377,000 as against \$230,000 by the Republican party. No one can examine the foregoing and many other facts and figures which might be adduced without the resulting conviction that the Silver Party has fulfilled its promise of retrenchment with reference to salaries of State officials and the curtailment of unnecessary expenses, while, on the other hand, it has generously supported the educational and charitable institutions of the State and wisely contributed to its public improvement.

# ELECTION NOTICE.

NOTICE IS HEREBY GIVEN THAT on the 8th day of November, A. D., 1898, being the first Tuesday after the first Monday, as provided by law, at the several election precincts in the county of Washoe, an election will be held for the following-named State, County and Township Officers, to wit:

One Representative in Congress.  
One Governor.  
One Lieutenant Governor.  
One Justice of Supreme Court,  
One Secretary of State.  
One State Controller.  
One State Treasurer.  
One Surveyor General.  
One Attorney General.  
One Superintendent of State Printing.  
One Superintendent of Public Instruction.  
One Regent State University—Long term.

cc15

# BIDS OR PROPOSALS WANTED.

NOTICE IS HEREBY GIVEN THAT BIDS or proposals will be received by the City Council of the City of Reno, Nevada, until 7:30 o'clock P. M. of Saturday, November 12th, 1898, at the office of the City Clerk, Reno, for the purchase of Reno Water Works bonds in the sum of \$100,000 or any portion thereof not less than the sum of \$500, and to bear interest at the rate of six per cent per annum, payable annually at their maturity in the office of the City Treasurer of Reno. Said bonds shall not be liable to taxation by said city, and bids or proposals will be received by said Council as provided for in the construction of and putting in a water system for said City of Reno, this State, in accordance with the plans and specifications adopted by said City Council, on Monday, September 20th, 1898, which said plans and specifications are now on file with the City Clerk of said City of Reno, at his office in the Court House of Washoe county, at Reno, Nevada, and are hereby referred to and made a part thereof, and will be subject to public inspection at any time between the hours of 9 o'clock A. M. and 4 P. M. legal holidays excepted. Payments for the construction of and putting in of said water system will be made by bonds of said City of Reno, bearing interest at the rate and payable by times and at the place and be untaxable by said city, at not less than their par value, in the manner provided in said specifications. All bids or proposals shall be sealed and addressed upon the envelope as to indicate the character of the contents, and addressed to F. B. Porter, City Clerk, Reno, Nevada.

Reno, Nevada or corporation offering to provide the best permanent system of water supply for the least number or amount of supply for the least number or amount of best bidder; provided the Council reserves the right to reject any and all bids.

R. S. OSBURN, President.

J. B. PORTER, Clerk.

Reno, Nevada, September 26, 1898.
